

Face Reflexology

Presented by Ko Tan

Facial Reflexology is a science and art of utilizing the mini maps of the human body found on the face to balance and rejuvenate the whole body. Face Reflexology uses a series of fingers and thumb techniques via the mini maps on the face that resemble the human body to achieve balance to the body, mind, and spirit. In this class you will be learning the two important mini reflexology maps of the body found on the face. Along with the specific techniques used in face reflexology, you will also learn three Face Therapy routines: the Lymphatic Drainage routine, the Natural Anti-aging Face routine, and a Jade Stone Therapy routine.

Our Presenter: Ko Tan, author of *Traditional Chinese Medicine Simplified* and *About Face* is a USA certified Reflexologist, a Georgia State Licensed Massage Therapist, and an international instructor/educator for over 35 years.
